

## Mass Casualty Decontamination Shelter Specifications

SD0-HZB06-GZ, SD0-HZB08-GZ, and SD0-HZB10-GZ

### Product Overview

*Mass Casualty Decontamination Shelter for effective decontamination of mass casualties in a single tunnel to maximize patient throughput.*

### Features

- Pre-fabricated decontamination design insures state-of-the-art performance, reliability and speed of deployment.
- Single, unobstructed tunnel maximizes patient processing speed.
- Corrosion resistant anodized aluminum frame with chemical resistant fabric provides for long life and reliability.
- White, opaque skylight provides ambient lighting.
- Exterior frame protects from contaminants and expedites post-use cleanup.
- Integral cloth booms, pre-plumbed Quick Connects and patented articulating frame reduces set-up time, maintains system integrity, and increases functionality.
- Extreme nozzle density produces rapid saturation and wash.
- CamLock connectors allow easy plumbing connection with gloved hands.
